To whom it may concern:

I am writing this letter to recommend Ms. Marie Stravlo. As President of the APTA Aquatic Physical Therapy Section, I began working with Ms. Stravlo in 2016 when she joined our team as our Executive Director. Our organization was at a pivotal point in our development and Marie was our ticket to success in guiding us forward.

Ms. Stravlo is quick at learning, dynamic and hard working. She is extremely organized and she offered me strategic guidance throughout my Presidency. Marie is skilled in governance and provides superior knowledge and expertise in the specific areas of strategic planning, best practices, bylaws, policies and procedures, member meetings and elections.

I am totally confident that Ms. Marie Stravlo shall become a valuable asset to any organization she chooses to engage with. She is dedicated to providing a guiding strategic light and achieving positive outcomes.

Sincerely,

A handwritten signature in cursive script that reads "Charlotte O. Norton".
