

The Louisiana Assisted Living Association (LALA) recommends Marie Stravlo with Governance Gal to provide board orientation services for any association or professional organization.

LALA's Board of Directors and Chief Executive recently worked with Marie to develop mutually rewarding relationships while including the basics needed for all board members to become engaged in the work of the board and serve as committed ambassadors in advocating for LALA's mission and vision.

Marie facilitated the Board orientation with her ample experience in governance. She created a pleasant atmosphere and process by welcoming and encouraging ideas and comments from all.

It was a great pleasure to work with Marie, and LALA welcomes the opportunity to do so again.
